3D Polarized Glasses - Mamma Mia RED

3DPOLM1RED

There's a 3D revolution taking place and before you say 'I'm not wearing silly looking glasses', check out the latest in 3D fashion!

These high quality circular polarised glasses are the perfect accessory for the latest in 3D LCD TV's. No need to fight with other family members; everyone can have their own pair. * Please note that these glasses require passive 3D system - check your LCD manufacturer for compatibility. Now you can experience the unique depth of 3D video from the comfort of your living room. With these high optical quality 3D lenses, you'll never have to watch a film in average quality again.... Stronger than standard cinema freebies, the glasses will give you plenty of wear and can be taken anywhere. For example - If you're watching the 3D football in a pub, you get to experience the real stadium atmosphere!

The mamma mia glasses are available in a range of fashionable colours and styles and are suitable for adults and children.

>> High optical quality lenses. It’s amazing!
>> Easy, light weight and healthy to use
>> Fashion and colorful frame
